## DS18 "WE LIKE IT LOUD"

We at DS18 are determined and confident, driven by action and have a desire to create a better way of life together. We see the world of sound and the culture it has developed as an opportunity for growth and unification.

Use sound to enhance the lifestyles of people everywhere and inspire them to join our quest for sound excellence.

We want to produce audio products at the highest level for all watercraft/vehicles and push the boundaries of sound quality. We work every day to revolutionise the development of sound equipment and create a sophisticated and modern product line that sets the industry standard.

### MRX1

The MRX1 from DS18 is the ultimate all-in-one boat radio that stands for performance, precision and durability. With its IPX6 water resistance, UV protection, salt water splash protection and special coating, this beast can take anything you throw at it. It also comes with a silicone cover for added protection. With AM/FM receiver, USB and AUX connection as well as Bluetooth connection V4.2, this boat radio has everything you need to keep your boat in tune need.

#### MRX1

RRP 209,90€

- IP65
- 2.75" LCD display
- AM/FM radio
- USB/AUX/Bluetooth
- 4x 40 Watt output
- Silicone cover incl.
- RCA output for amplifier
- 12 Volt
- Incl. fuse & bracket

Order no. **59 9102**

### MXRC-BT

The DS18 MXRC-BT is a waterproof, robust Bluetooth receiver for marine and powersports applications. It offers convenient control of volume, track selection and source modes without the need for a radio. With Bluetooth streaming (range up to 15 m), USB and AUX connections, it is versatile in use. Thanks to IP55 certification, UV and salt resistance, it is ideal for harsh conditions. The receiver impresses with clear sound, a wide frequency range and additional connections such as RCA and remote control output - perfect for adventures on water and off-road.

#### MXRC-BT

79,90€ RETAIL PRICE

- IP55
- USB/AUX/Bluetooth
- RCA output for amplifier
- 12 Volt

Order no. **59 9104**

### MRX150

With its AM/FM/WB radio with 37 presets (18FM / 12AM / 7WB), Bluetooth v5.0 for excellent audio streaming. The MRX150 is specially designed for extreme conditions and features a Gorilla Glass display with OCA full bonding for high durability. With IP65 waterproofing, UV and corrosion protection and a silicone cover, it offers reliable protection and durability, even in harsh marine environments.

#### MRX150

RRP 319,90€

- IP65
- 3" LCD display
- AM/FM radio
- USB/AUX/Bluetooth
- 2-zone volume control
- 4x 50 Watt
- Camera input
- Silicone cover incl.
- RCA output for amplifier
- Battery volt display
- 12 Volt
- Incl. fuse & bracket

Order no. **59 9103**

### LED-BTC

The LED-BTC is a modern Bluetooth controller that controls LED lights via an app for iOS and Android and transforms DS-18 LED speakers into impressive light shows. With Bluetooth 4.0, it offers fast connections and a long range, whereby up to 7 controllers (iOS) or 4 controllers (Android) can be paired. Thanks to IP65 waterproofing, it is also suitable for wet environments. With 5 amps of power, the LED BTC enables light patterns, music synchronisation and relaxing ambience settings, ideal for customised lighting.

#### LED-BTC

RRP 69,90€

- IP65
- RGB LED control unit
- Bluetooth 4.0 / app control
- IOS: up to 7 control units
- Android: up to 4 control units
- 12 volt
- Incl. fuse & bracket

Order no. **59 9144**

## MP.4A

The MP.4A is a robust and compact 4-channel amplifier with IP55 water protection and salt and fog resistance, perfect for use on the water or in harsh environments. With easy installation, 480 W maximum power and precise sound (4 x 40 W RMS, 20 Hz - 20 kHz), it offers an outstanding audio experience. Thanks to its versatility and durable construction, it is ideal for anyone who wants to enjoy their music on the go.

### MP.4A

for loudspeakers

RETAIL PRICE 139,90€

- IP55
- 4-channel
- 4x 40 Watt RMS @ 4-Ohm
- 480 Watt peak
- Incl. fuse & bracket

Order no. **59 9106**

## NXL-N4

The DS18 NXL-N4 is a compact and versatile 4-channel marine amplifier that is fully waterproof thanks to IP67 certification and ideal for use in harsh environments. With a maximum power of 1800 W, a frequency range of 20 Hz to 20 kHz and flexible sound options (LPF, FULL, HPF), it delivers powerful, precise sound for any speaker configuration. Its robust construction and easy installation make it the perfect choice for music lovers on the water, in the field or on the move.

### NXL-N4

for loudspeakers

249,90€ RETAIL PRICE

- IP67
- 4-channel
- 4x 100 Watt RMS @ 4-Ohm
- 4x 150 Watt RMS @ 2-Ohm
- 1800 Watt peak
- Incl. fuse & bracket

Order no. **59 9105**

## NXL-X SERIES

The DS18 NXL-X series speaker amplifiers are specifically designed for use in marine environments and offer an ideal combination of performance, versatility and robustness. With their IP67 waterproof rating, they can withstand even the harshest conditions, including UV radiation, salt water and humid environments.

These amplifiers are available in various configurations, including 2-, 4-, 5- and 8-channel options, and are suitable for both speakers and subwoofers. They offer precise sound control through high and low pass filters and a compact design that allows for easy installation.

The NXL-X series not only guarantees reliable performance and high-quality sound, but also impresses with durable materials and a sophisticated design that is optimised for the requirements of the marine sector. Whether on the water, in the field or on the move - the NXL-X series delivers impressive audio quality and is the perfect companion for any adventure.

### NXL-X360.2D

for loudspeakers

RETAIL PRICE 359,- €

- IP67
- 2-channel
- 2x 180 Watt RMS @ 4-Ohm
- 2x 250 Watt RMS @ 2-Ohm
- 1000 Watt peak
- Incl. fuse & bracket

Order no. **59 9107**

### NXL-X600.4D

for loudspeakers

RETAIL PRICE 449,- €

- IP67
- 4-channel
- 4x 150 Watt RMS @ 4-Ohm
- 4x 200 Watt RMS @ 2-Ohm
- 1600 Watt peak
- Incl. fuse & bracket

Order no. **59 9152**

### NXL-X1200.8D

for loudspeakers

RRP 729,90€

- IP67
- 8-channel
- 8x 150 Watt RMS @ 4-Ohm
- 4x 220 Watt RMS @ 2-Ohm
- 2800 Watt peak
- Incl. fuse & bracket

Order no. **59 9109**

### NXL-X1200.5D

for speakers and subwoofers

RETAIL PRICE 539,- €

- IP67
- 5-channel
- 4x 150 Watt + 350 Watt RMS 4-Ohm
- 4x 200 Watt + 600 Watt RMS @ 2-Ohm
- 2800 Watt peak
- Incl. fuse & bracket

Order no. **59 9108**

### NXL-X1000.1D

for subwoofers

RETAIL PRICE 425,- €

- IP67
- Monoblock
- 1x 1000 Watt RMS @ 1-Ohm
- 2000 Watt peak
- Incl. fuse & bracket

Order no. **59 9153**

## NXL-6SL

The DS18 NXL-6SL are slim, powerful marine speakers with clear sound reproduction, integrated LED light and easy installation. With 25 W RMS and 100 W maximum power, they offer a dynamic sound experience and are ideal for stylish upgrades to audio systems on the water.

### NXL-6SL

RETAIL PRICE 54,90€

- Size: 6.5"
- 2-way loudspeaker
- 25 Watt @ 4-Ohm
- 100 Watt peak
- LED RGB lighting
- Diameter overall 178mm
- Cut-out dimension 131mm
- Installation depth 25 mm
- Weight 1.1kg
- Magnet weight: 0.1kg
- Watertightness: IP65

Order no. **59 9110** white

Order no. **59 9111** black

## MP4 & MP6

The MP4 and MP6 speakers stand for innovation and top performance in the marine audio sector. Specially developed for harsh conditions, they offer IPX5 certification, which makes them robust against water and environmental influences.

The MP4 speakers deliver 50 W RMS and 150 W maximum power, while the MP6 models are even more powerful with 60 W RMS and 180 W maximum power. Both models deliver clear, rich sound that impresses even in open environments, as well as precise two-channel reproduction with integrated tweeters for detailed acoustics.

Available in white, they can be seamlessly integrated into any boat design. Whether MP4 or MP6 - both models offer first-class sound quality and enhance any marine audio system.

### MP4/WH

RRP 69,90€/pair

- Size: 4"
- 2-way loudspeaker
- 50 Watt @ 4-Ohm
- 150 Watt peak
- Diameter over O.D. 138mm
- Cut-out dimension 104mm
- Installation depth 51mm
- Weight 1.8kg
- Magnet weight: 0.3kg
- Water resistance: IPX5

Order no. **59 9112**

### MP6/WH

RRP 89,90€/pair

- Size: 6.5"
- 2-way loudspeaker
- 60 Watt @ 4-Ohm
- 180 Watt peak
- Diameter over O.D. 182mm
- Cut-out dimension 145mm
- Installation depth 64 mm
- Weight 2.3kg
- Magnet weight: 0.3kg
- Water resistance: IPX5

Order no. **59 9113**

## NXL SPEAKER SERIES

The DS18 NXL speaker series has been specially developed for harsh marine and off-road environments and combines durability, impressive sound quality and stylish design. With IP65 certification, the speakers are resistant to salt water, UV rays and extreme temperatures. Their robust housing made of high-quality plastic ensures durability and aesthetics.

The precise 2-way design with powerful tweeters and magnets delivers clear, powerful sound and detailed reproduction across a wide frequency spectrum. The integrated RGB LED lighting, customisable with optional controls (LED-BTC), sets individual accents. The series is the perfect choice for discerning listeners who want excellent sound and stylish lighting in any environment.

### NXL-6

RRP 159,90€/pair

- Size: 6.5" (165mm)
- 2-way loudspeaker
- 100 Watt @ 4-Ohm
- 300 Watt peak
- LED RGB lighting
- Incl. tweeter
- Diameter overall 176mm
- Cut-out dimension 135mm
- Installation depth 63.5 mm
- Weight 3.2kg
- Magnet weight: 0.4kg
- Watertightness: IP65

DS18 SOUNDBAR

The 26" and 37" DS18 soundbars are powerful and versatile audio solutions for marine and outdoor systems. Both models are equipped with robust IP35 protection and a durable steel grille to withstand even the harshest conditions.

Equipped with Class A/B amplifiers, the soundbars deliver crystal-clear sound that effortlessly drowns out ambient noise. The 26" offers up to 600W maximum power (100W RMS), while the larger 37" reaches an impressive 1200W maximum power (200W RMS). Built-in protection functions against overheating, overloading and short circuits ensure safety at maximum volume.

With Bluetooth V5.0, USB and AUX connections and five preset EQ modes, the soundbars offer flexible connection options and customisable sound. The RGB LED lighting and a blue backlit display set visual accents and create the perfect atmosphere for any occasion.

Thanks to the rotating control panel and adjustable clamps (for pipes from 38mm to 57mm), the soundbars can be mounted horizontally, vertically or at any angle, making them extremely versatile.

The DS18 soundbars combine robust design, impressive sound quality and stylish lighting.

## SPECIAL LOUDSPEAKER CABLE

The MOFC12/18GA and MOFC16/18GA cable sets combine speaker and RGB control cables in a robust, UV-resistant protective jacket, ideal for marine audio systems. Manufactured from tinned OFC copper, they offer excellent conductivity and corrosion resistance. This all-in-one solution enables easy installation and seamless connection of speakers and RGB lighting.

**MOFC12/18GA**

RRP 7,85€/metre

- Cable combination
- 2x speaker cable 4mm<sup>2</sup>
- 4x LED RGB cable 1mm<sup>2</sup>

Order no. **59 9145****MOFC16/18GA**

RRP 4,80€/metre

- Cable combination
- 2x speaker cable 1.5mm<sup>2</sup>
- 4x LED RGB cable 1mm<sup>2</sup>

Order no. **59 9151**

## LOUDSPEAKER CABLE

The marine speaker cable has been specially developed for the marine sector and offers loss-free audio transmission for clear and powerful sound, even under demanding conditions. Made from corrosion-resistant materials and with strong insulation, it is extremely durable, flexible and easy to install.

**Loudspeaker cable**

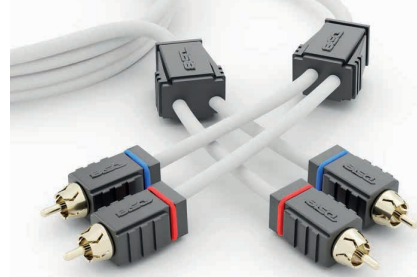

RRP 1,55€/metre

- Twin cable
- 2x 1.5mm<sup>2</sup>
- strong PVC jacket
- Corrosion protection

Order no. **59 9101**

## RCA CABLE

The MOFCR RCA cable is specially developed for marine audio systems and offers reliable signal and weather protection. Made from UV and corrosion resistant materials, it ensures clear signal transmission and reduced interference. Thanks to its robust PVC sheathing and high-quality metal connectors, it delivers long-lasting performance and optimum sound quality, even under extreme conditions.

**MOFCR RCA**

RRP 21,90 €

Length: 7.6m

Order no. **59 9146****MOFCR RCA**

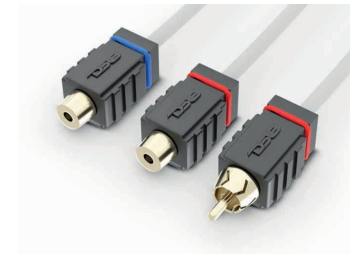

RETAIL PRICE 16,90 €

Length: 3.6m

Order no. **59 9147**

## RCA SPLITTER CABLE

DS18s MOFCR-1F2M & 2F1M provides reliable protection for your signal in demanding environments. With UV and corrosion resistant cable and thick PVC shielding, it ensures optimum signal transmission, long-lasting performance and superior sound quality. The tinned OFC construction minimises voltage loss and interference, while the screw connection ensures a secure connection. Available in 1F2M and 2F1M configurations, it is the ideal solution for the precise splitting and merging of signals.

**MOFCR-1F2M**

RRP 8,20 €

Order no. **59 9148****MOFCR-2F1M**

RRP 8,20 €

Order no. **59 9149****IP code Description**

IP65	- Dust-tight (complete protection against the ingress of dust). - Protection against water jets from a nozzle (from any angle).
IP55	- Dust-protected (no ingress of dust in damaging quantities). - Protection against water jets from a nozzle (from any angle).
IPX5	- Protection against water jets from a nozzle (from any angle).
IP35	- Protection against foreign bodies with a diameter greater than 2.5 mm. - Protection against water jets from a nozzle (from any angle).
IP67	- Dust-tight (complete protection against the ingress of dust). - Protection against temporary immersion in water (up to 1 metre deep and for a maximum of 30 minutes).
